Our Product

01 LITE SERIES

PRODUCT NAME

YCH-IPC-2/3/4/5 MP
3.6MM IR BULLET CAMERA

- H.264/ h. 265 video compression standard
- Embedded Web Server to fully support Internet Explore monitoring, configuration and upgrade.
- Supporting Level 2 domain name, easily realizing dynamic IP address (ADSL dialing).
- Embedded Web Server to fully support Internet Explore monitoring, configuration and A23 continuously adjustable.
- Supporting snapshots and local videos
- Dynamic Detection Support (Settable Area and Sensitivity)
- Alarm Pre-recording Function
- 10/100M Ethernet Interface Support
- Supporting simultaneous access by multiple users
- Support Timing Maintenance Function
- Support for WEB configuration
- Support Platform
- Supporting Mobile Monitoring
- One-way audio output
- *IP66* Weatherproof

- H.264/H.265+ Video Compression Standard and AAC/G.711 Audio Compression Standard.
- Embedded Web Server to fully support Internet Explore monitoring, configuration and upgrade.
- Supporting Level 2 domain name, easily realizing dynamic IP address (ADSL dialing)
- The video bit rate is continuously adjustable at 50Kbps-6Mbps and the frame rate (1-25) is continuously adjustable.
- Supporting snapshots and local videos
- Dynamic Detection Support (Settable Area and Sensitivity)
- Alarm Pre-recording Function
- 10/100M Ethernet Interface Support
- Supporting simultaneous access by multiple users
- Support Timing Maintenance Function
- Support for WEB configuration
- Support Platform
- Supporting Mobile Monitoring
- One-way audio output
- *IP66* Weatherproof
